ARE YOU WORRIED ABOUT YOUR \$100 ALLOWANCE?

You are allowed to take back as much as you wish. You are only required to pay duty on what you declare over your \$100 duty-free allowance. Here's a sample of duty charges on various articles:

CULTURED PEARLS (loose or temporarily strung)	5%
CHINA, BONE	35%
CLOCKS (costing over \$10)	32.5%
LEATHER HANDBAGS	20%
LEATHER GOODS	8.5 to 17.5%
DIAMONDS (cut but not set)	
Not over 1/3 carat	8%
Not over 1/2 carat	10%
WATCHES (on \$100 watch)	\$8 to \$15
SHERRY	39c a fifth
SILK KNITS (as wearing apparel)	20%
MOTION PICTURE CAMERAS (costing over \$50)	13.5%

CAMERAS (not movie) (costing over \$10)	15%
PERFUME (about 18 3/4 %)	16c + 15%
WOOD CARVINGS	16 2/3 %
TYPEWRITERS	FREE
JEWELRY, GOLD	24%
STERLING FLATWARE	8c each + 17 1/2 %

Above are just a few examples of how low duty is on some of the most popular items tourists buy in our stores. Take cameras, for instance. Suppose you've bought merchandise to your full allowance of \$100 free of duty and you wish to buy a camera retailing for \$120 in Aruba. Your first saving is the fact prices here can average 40% less than in the U.S. Even with duty, you can still buy that camera at a great saving. Official duty on cameras is 15% on the wholesale value. The retail price of \$120 less 40% gives you the wholesale base rate of \$72 for your camera; and 15% duty on \$72 is only \$10.80. Your camera really cost only \$130.30. Your saving is considerable, even with duty. The same camera sells in New York City for \$199.95 (plus 5% city sales tax).

TOURING ARUBA

While in Aruba you may rent a car and driver, or a drive-it-yourself car, or may take a conducted tour. To drive yourself, you will need a temporary license, which can be obtained by presenting a valid driver's license from your own country.

Aruba has many treasures that are well worth exploring:

The island's greatest attraction is the **PALM BEACH** and **EAGLE BEACH**, which are among the world's finest. The pure white sand stretches for several miles along the leeward coast, and slopes gently into the water. There is excellent opportunity for waterskiing, sailing, and swimming.

FISHING has a variety of forms, and any one of the different types offers the enthusiast a challenge. Skin diving and spearfishing are well worth the effort here, as the rocks, reefs and wrecks of some sunken ships abound in fascinating fish. There is also good deep sea fishing.

The capital of Aruba is **ORANJESTAD**, its architecture is typically Caribbean-Dutch with some Spanish influence, while the colors of the buildings are typically of the Caribbean. Oranjestad's shopping center tempts the tourist with merchandise from all corners of the world. You will find Swiss watches, cameras, perfumes, cashmere sweaters, silk, character dolls, Dutch tile, Delft blue, binoculars, liquors and liqueurs, woollen and other fabrics, precious stones, porcelain miniatures, straw novelties, carved ivory from the Orient, crystal, beaded and petit point bags, Indonesian and Chinese wood carvings, leather goods, gold and silverware, etc. Thanks to the extremely low import duties, the prices are often less than half of what they are in the U.S.A. Store owners also can pass on bargains to visitors because there are no sale or luxury taxes in Aruba.

The **SCHOONER HARBOUR** of Oranjestad is one of color and excitement; boats from many Caribbean countries are docked all along the quay. Open stalls provide space for the boatmen to display their wares: great stalks of bananas - the little sweet ones or large cooking ones, oranges, vegetables, etc.

A little further along the schooner harbour is the fish market, where you may purchase a large variety of fish. Big ocean liners and passenger-ships can moor and bunker at Oranjestad's harbour.

In the well-kept **WILHELMINA PARK**, named after the late Queen Wilhelmina of the Netherlands found on the seaside of Oranjestad, there is a beautiful sculptured statue of the Queen Mother, surrounded by bright colorful flowers and plants.

The American colony, **SEROE COLORADO**, where, most Americans live, is situated at the eastern end of the island.

The climate of Aruba is considered to be one of the finest in the Caribbean. Rainfall is scant, and the days are always cooled by the copious flow of air from the northeast tradewind. Thriving in this dry climate are the strangely shaped **DIVI-DIVI TREES**, that point forever downwind; the **ALOE** plant, which is being developed for medicinal purposes; and the cactus, which is used for fences. Arubans cherish flowers, and most homes are surrounded by bright *Bougainvillea*, *Oleanders*, *Flamboyant*, *Hybiscus*, and other tropical plants.

Aruba's most outstanding landmark is **HOOIBERG** or "**HAYSTACK**", and for those interested, there are steps for climbing to the top of this hill.

Attractive hidden coves on the north side of the island offer a perfect setting for picnics. For those who prefer a little surf with their bathing, fairly rough water on this side of the island makes it perfect. Two of the most intriguing and accessible coves are **ANDICOURI** and **DOS PLAYA**, where towering rocky arms reach into the sea and the constant dashing of waves presents a varied and awesome backdrop for the pleasant sand beaches of the coves.

A most interesting **NATURAL BRIDGE** on the north coast, carved out of solid coral rock by the relentless surf, is a startling example of nature's architecture, and a "must" for every visitor.

BOCA DRUIF is an interesting grotto also sculptured by the sea on the island's windward coast near the dunes of **PRINS**. It offers a breath-taking view of the wild coastline.

The **CUNUCU**, which in Papiamentu means "country-side" is dotted with brightly colored Aruban houses. Rocks of many different shapes are scattered over the island. Probably the most impressive ones are found at

Another gold mill is located at **BALASHI**.

SPANISH LAGOON got its name from the buccan-ers who used to put in to repair their ships in its shelter. It is known for its scenic and peaceful surroundings.

FRENCHMAN'S PASS, where the Indians fought the French to protect the island from foreign invaders, is a breeding place of Aruba's bright and colorful parakeets.

About Aruba

THE ISLAND AND THE CLIMATE:

Aruba, first of the ABC islands, is the most western of the Leeward group of the Netherlands Antilles. It lies 15 miles from the Venezuelan coast, 12 degrees, 24 minutes north of the equator. It is 19.6 miles long, six miles in width at its widest point, and contains 70.9 square miles of rocky red hills and magnificent white sand beaches, surrounded by the deep blue Caribbean.

The average yearly temperature is 82 degrees, with the coolest months January and February and the warmest August and September. The air is lively and sparkling because the humidity averages only 76 per cent. Average annual rainfall is less than 20 inches.

THE PEOPLE AND THEIR LANGUAGES:

Aruba is the only Caribbean island on which the Indian population was not exterminated. The Aruban today is a descendant of Indians, with a mixture of Spanish and Dutch blood of the early colonizers. Arubans, those born on the island, number about 36,000. All are citizens of the Netherlands. Over 40 nationalities living peacefully together on the island.

The Leeward islands (Aruba, Bonaire, Curaçao) have a living language of their own — Papiamentu. It is a "lingua franca" that has evolved from Spanish, Portuguese and Dutch with some Indian words. Almost everybody on Aruba speaks Papiamentu, Dutch, Spanish and English.

MONEY:

The currency of Aruba is the Netherlands Antilles Guilder, or Florin, of which the symbol is Fl., or F. The current rate of exchange is Florin 1.85 to the U.S. Dollar or Traveler's Check, and Florin 0.40 to the Bolivar. Many merchants make the rate of exchange even more favorable for tourists by giving a flat 2-for-1 exchange when U.S. dollars are used for purchases.

There are 100 cents to a Guilder. There are silver coins of five, 10 and 25 cents, 1 Guilder and 2½ Guilder, and copper coins of 1 and 2½ cents. The "square nickel" (5 cents) is a popular souvenir. Bills are in denominations of 2½, 5, 10, 25, 50, 100, 250 and 500 Guilders.

WATER SPORTS:

The waters surrounding Aruba are wonderful natural playgrounds. Deep-sea fishing is excellent. The best sport fish in local waters is the Balahu, followed closely by the blue and white marlin.

Skin diving has been popular on Aruba for many years. The waters around the island are exceptionally clear. Underwater visibility of as much as 150 feet is not unusual. As popular as skin diving is waterskiing. Because the Caribbean on the leeward side of Aruba is always calm, it provides a fine course for waterskiers. Instructors will show the beginner the elements of waterskiing and have him zooming across the turquoise waters in no time.

Boats and equipment may be rented at the Aruba Caribbean Hotel. Guides familiar with local waters are available to show visitors the best places for diving, underwater photography or spearfishing. For the more sedentary, there are glass bottom sightseeing boats that cruise over the island's reefs and sunken wrecks.

NEW ARUBA RESEARCH CENTER

City University of New York has recently established a research center on Aruba.

President W. A. Murray of the Lago Oil & Transport Co. Ltd. in Aruba disclosed that the company had made available their former Seroe Colorado High School building and other facilities.

Dr. Frank Conant, head of the Hunter College Anthropology Department told the press conference that:

"This center is ideally located as a research base for investigations that could include the

entire Caribbean and portions of the South American continent."

Since the research of this part of the Caribbean has only been on a limited basis to date, establishment of the center in Aruba will provide an incentive to the world's scholars to take an interest in the progress here.

At the same time, the City University of New York has an enrollment of some 140,000 students and faculty, many of which would possibly be encouraged to visit the island.

At the press conference Dr. Conant also pointed out that this closer relationship between the Antilles and City University of New York could result in scholarships being made available to area students.

It is expected that by August 1, at least twelve research specialists and their families will have moved into Aruba and begun manning the center. Even now in the early stages, the center is able to provide a few employment opportunities and is a source of purchasing power.

In the initial stages the center will concentrate its efforts on Aruba and its immediate neighbors in the Netherlands Antilles. The first research will be conducted on Papiamentu, (the native language of the islands Aruba, Curaçao and Bonaire), cave paintings in Aruba and Bonaire and an analysis will be made of the archeological finds that have been uncovered in recent years.

A six-man pilot staff, including four graduate students, has already arrived on the island. The first investigations will deal in the anthropological disciplines such as archeology, ethnology, linguistics, genetics and physical anthropology.

However, future plans include research projects in a number of related areas including education, biology, botany, marine studies and the fine arts, in addition to the above.

A number of international educational institutions have already expressed strong interest in the Center. According to City University of New York representatives, an attempt will be made to develop this into a consortium of universities and other institutions of higher learning.

La unidad monetario de Aruba es el florín de las Antillas Neerlandesas, símbolo del cual es Fl. o F. El tipo de cambio vigente es de F. 1,85 al dólar de los Estados Unidos o F. 0,42 al bolívar venezolano para cheques de viajeros. Muchos comerciantes hacen el tipo de cambio más atractivo, dando 2 florines por dólar americano cuando Ud. hace sus compras. El florín tiene 100 centavos. Monedas de plata de 5, 10 y 25 centavos, 1 florín y 2½ florines; las de cobre son de 1 y 2½ centavos. Las monedas de 5 centavos son muy populares como souvenir, pues son cuadradas. Hay billetes de banco en denominación de 2½, 5, 10, 25, 100, 250 y 500 florines.

Las compras son una de las mejores atracciones para el visitante de Aruba. Aruba es conocido por sus precios que son prácticamente los de un puerto libre. Ciertos artículos no pagan derecho de importación. Para otros el derecho es tan mínimo que es insignificante. Aruba no tiene impuesto sobre las ventas.

Así es que regalos y preciosidades de todo el mundo se pueden comprar en Aruba por mucho menos que costarían en otras partes.

CHARLANDO SOBRE LAS TIENDAS

Amigos visitantes: Quisiera ante todo saludarles con la cordial bienvenida del nativo, !Bon Biní; que los días pasados en nuestra amada isla dejen en Uds. recuerdos memorables y gratos.

Para contribuir a ello, permítame servirles de guía acompañándoles en esta, su primera jira de compras. Para realizarla recorreremos casi de extremo a extremo la calle principal, que se llama Nassaustraat y que es el centro comercial de Oranjestad.

Empecemos por visitar a **JOYERIA DE LEO BERLINSKI**, donde él, personalmente o su esposa o una de sus bien entrenadas empleadas nos atenderán con amable solicitud. Aquí se ofrecen joyas de oro con piedras preciosas y semipreciosas; juegos en filigrana o en modernos diseños de platino u oro de 18K.; perlas cultivadas; relojes suizos de bien reputadas marcas, destacándose entre ellos los mundialmente famosos relojes Girard Perregaux. Leo Berlinski tiene en existencia cubiertos en plata pura, platinados o de acero inoxidable; vajillas de fina porcelana y de cerámica; cristalería de Francia, Finlandia, Suecia e Inglaterra, así como figurillas, artículos de madera de teca y preciosas carteras bordadas en petit point o en mostacilla; todos en gran variedad de diseños y a precios adecuados al presupuesto del cliente.

Salimos y al frente está la **ARUBA TRADING COMPANY**, con su anexo **PHOTO EL GLOBO**. En esta tienda, la fama de la cortesía de sus empleados corre pareja con la fama de los artículos de primera calidad que ofrece. Las damas encontrarán aquí una enorme variedad de cosméticos y perfumes de las más famosas casas francesas y americanas, así como la más fina lencería, ropa de niños y regalos. No se olvide de solicitar los artículos de tocador para caballeros que Ud. prefiera; licores y cigarrillos. Sin ningún costo adicional la **ARUBA TRADING** le enviará a su avión o vapor los licores o cigarrillos libres de impuesto que Ud. haya comprado. Capítulo aparte merece **PHOTO EL GLOBO**, dividida en dos departamentos. En el primero encontrarán los caballeros desde calzado hasta sombreros y trajes para todas las ocasiones; todo de bien reputadas marcas. cinta magnetofónica, telescopios, radios y televisores en miniatura- de lo más pequeño hasta lo más grande y técnico en esta línea lo podrá Ud. encontrar en **PHOTO EL GLOBO**.

Un poquitito más adelante atraerán su atención las alegres notas de un carillón; se trata del carillón de **SPRITZER AND FUHRMANN**, esa famosa joyería de la que ya habrá oído hablar si ha visitado N. York, Curazao, Bonaire, o San Martín. Es difícil rehuir la atracción de sus vitrinas decoradas con primoroso cuido y delicado gusto, pero adentro nos esperan más maravillas y el alivio del aire acondicionado. Es deslumbrante su exclusiva colección de joyas en diamantes y oro y al decir exclusivas, quiero decir únicas en el continente ya que **SPRITZER AND FUHRMANN**, siguiendo la antigua tradición de las mejores joyerías del mundo, posee sus propios orfebres y diseñadores; verdaderos artistas cuyas exquisitas joyas por repetidas veces han merecido galardones en los concursos internacionales. Aquí encontramos los más finos relojes, tales como Patek Philippe y Piaget, amén de una extensa colección de novedosos relojes suizos a precios muy convenientes. A la chica que le dedique su especial atención pídale ver las carteras de noche un verdadero primor del arte manual francés, así como también los objetos de arte, cristalería, plata y porcelana de las más famosas casas de Europa que allí se venden. Como detalle adicional quiero decirles que las garantías de **SPRITZER AND FUHRMANN** son honrados en su tienda de Nueva York, cita en la 5 East 57th Street.

Frente a Spritzer & Fuhrmann está **JOYERIA Y RELOJERIA RODANIA**. Su dueña nos atenderá personalmente con ese don de gentes que la caracteriza; ella misma, probablemente, nos dirá de las cinco casas de relojería suizas que representa con exclusividad, haciéndonos admirar las joyas auténticas italianas y las fantasías alemanas que exhibe en sus vitrinas; llaman la atención sus joyas de oro macizo y esmeraldas de Colombia.

A dos pasos de Rodania y otro vez en la calle principal nos queda el **PALAIS ORIENTAL**. Todos los esplendores del Oriente se despliegan ante nosotros en esta tienda sin igual. Esculturas de marfil; incrustaciones de madreperla en aromáticas maderas de la India; tallas primitivas de Haití y de Africa; saris y chales de pura seda en los más exquisitos colores, bordados en oro y plata; cofres de madera de alcanfor llegados desde Hong Kong; joyas orientales de las más raras piedras preciosas; perfumes de sándalo, de rosas, de jazmines; todos los aromas del mundo en frasquitos con rótulos de Christian Dior, Jean Patou, Guerlain..... No se olvide de solicitar el famoso reloj suizo "Harpoon".

Un poquitito más adelante y en la misma acera entraremos en **LA PARISSIENNE**, la casa con la torre Eiffel. Si quiere algo chic solicite ver sus guantes de fina cabritilla cosidos o bordados a mano en Francia o en Italia; pipas Longchamp; vieja plata holandesa.

Para un Chow (comida) chino, visite el **HONG KONG RESTAURANT & BAR**, completamente aire acondicionado. No pida algo corriente, pida un plato extraordinario, diga: Déme un Mu Ku Kai Pán y ejecute su lengua y su paladar.

Si su apetito le pide pastas, dirijase en taxi hasta el **BASI RUTI HOTEL** especializado en platos italianos. Si quiere disfrutar del paisaje marino dirijase al **TROCAMER** y ordene un plato a base de mariscos, que son la especialidad de este restorán.

Pero la hora avanza y hemos de proseguir con nuestras compras.

En el próximo bloque llegamos a la Joyería **KAN**. El lema de Kan es "Wat Kan kan, kan Kan alleen," lo que quiere decir en español: Lo que KAN hace, sólo KAN lo puede hacer. Ellos, sin duda alguna, harán todo lo posible por hacer sus compras más placenteras. Vea su variedad de joyas, cámaras, y artículos ópticos.

Aquí se impone una pequeña reorganización del grupo, ya que los caballeros no querrán perderse una visita a **LA VENEZOLANA**, de reputada fama por sus artículos finos para caballeros.

Conozca a Aruba

Durante su permanencia en Aruba, y a fin de conocer mejor nuestra isla Ud. puede contratar los servicios de un taxi, visitar los puntos de interés en una excursión de turismo o alquilar un automóvil y conducirlo Ud. mismo. Para esto último, Ud. puede adquirir una licencia temporal presentando su licencia válida expedida en su país de origen.

Aruba tiene muchos lugares de interés que son dignos de ser visitados. Entre ellos se encuentran las playas de **PALM BEACH** e **EAGLE BEACH** que pueden contarse entre las más bellas del mundo. La blanca arena se extiende por varias millas a lo largo de la costa y declina suavemente hacia las turquesas aguas del Caribe ofreciendo, en su mansedumbre, una excelente oportunidad para esquiar sobre el agua, navegar y nadar. En el mar que circunda nuestra isla pululan una extensa variedad de peces, haciéndolo propicio para los diferentes tipos de pesca.

La capital de Aruba es **ORANJESTAD**, con una arquitectura típicamente holandesa con alguna influencia española. Los edificios están pintados en los brillantes colores característicos del ámbito del Caribe. Grandes trasatlánticos, cargados de pasajeros y de mercancías atracan regularmente en su puerto. Es excitante pasearse en los días de gran tráfico marítimo por los espaciosos muelles. La imaginación vuela tras los nombres de lejanas tierras impresos en las balas de mercancías. Yokohama, Hong Kong, Italia o Noruega se nos antojan mensajes de amigos lejanos.

Las mercancías traídas de los más distantes rincones del mundo hacen que el centro de Oranjestad constituya una verdadera tentación para el turista. Relojes suizos, cámaras, perfumes, sweters de Cachemira, sedas, azulejos holandeses, loza fina, binoculares, licores, lanas y otros tejidos, piedras preciosas, miniaturas de porcelana, novedades tejidas en paja, esculturas de marfil del Oriente, cristalería, tallados en madera de Indonesia y China, artículos de cuero, vajillas de plata, oro, etc., son artículos que, gracias a los bajos impuestos de importación se pueden comprar aquí a precios muy ventajosos.

Una atracción turística es la caleta de Oranjestad donde están anclados inúmeros barquichuelos procedentes de diversos lugares del Caribe. Allí se encuentra el bullicioso mercado donde en puestos amplios y soleados, despliegan los barqueros sus tentadoras mercancías. Llenos de colorido son los puestos de frutas, legumbres, y hortalizas. En este mercado al aire libre los compradores son tan pintorescos como las frutas que allí se venden. Los oídos

se nos llenan con la confusa sinfonía de diversos lenguajes. Junto al mar, muy cerca del puerto, está el bien cuidado **PARQUE WILHELMINA**, así llamado en honor de la reina madre Guillermina de Holanda. En el centro de la plaza, rodeada de flores y de umbrosas alamedas está una hermosa estatua de la recordada reina.

El clima de Aruba está considerado entre los mejores del Caribe. La lluvia es escasa y los días son frescos por el continuo fluir de los vientos Alisios. En este clima seco medra el **DIVI DIVI**, un árbol que, azotado por el continuo batir del viento crece en las más extrañas formas, siguiendo siempre la dirección del viento. Para fines industriales se cultiva el **áloe**, planta liliácea de la cual se extrae un jugo muy amargo usado en medicina. En el campo crecen los cactus; las casas típicas arubanas tienen una pintoresca cerca de cactus. A los arubanos les encantan las flores y se esmeran en cultivarlas. La mayoría de los hogares están rodeados de buganvillas, adelfas, flamboyanes e hibiscos.

Un distintivo del paisaje arubano es el **HOOIBERG** (Colina Almiar); para el que desee escalarla hay una escalera que conduce hasta la misma cima.

Al norte de la isla hay bien abrigadas ensenadas que ofrecen sitios ideales para excursiones campestres. Para aquellos a quienes les gusta nadar en un fuerte oleaje este lado de la isla es perfecto. Dos de las más curiosas ensenadas son **ANDICURI** y **DOS PLAYAS**; peñascos imponentes se internan en el mar desafiando el embate de las olas que van a estrellarse contra ellos con estentóreo ruido, formando así un violento contraste con las apacibles arenas de la ensenada.

Sumamente interesante es el **PUENTE NATURAL** obra arquitectónica de la naturaleza, socavada en la dura roca por la incesante embestida del mar; no deje de visi-

tarlo así como también a **BOCA DRUIF**, que es una gruta junto a las dunas de **BOCA PRINS**.

El **CUNUCU**, que quiere decir campo en papiamento, está punteado por casitas de vivos colores y por impresionantes formaciones rocosas. Las más imponentes se encuentran en **AYO** y **CASIBARI** donde la naturaleza acumuló una sobre otra tremendas masas de granito de miles de toneladas de peso. En **AYO** Ud. puede explorarlas internándose por intrincados laberintos. En **CASIBARI** está la **BOCA DEL DRAGON**, que es una curiosa formación, favorita de los fotógrafos.

Los que estén interesados en la cultura autóctona, encontrarán antiguos dibujos indígenas en las paredes de las cavernas de **FORTEIN** y de **CANASHITO**, y en las rocas de **ARIKOK** y **AYO**.

Los espeleólogos hallarán un reto en las grutas de **QUADARIKIRI** y **HULIBA**.

Otro sitio de interés es la iglesia y el cementerio de **SANTA ANA**. La iglesia tiene un magnífico y centenario altar gótico de roble, tallado a mano.

También el **CASTILLO DE LOS PIRATAS** en **BUSHIRIBANA**, montado sobre un promontorio, frente a la costa de barlovento. Las ruinas de este "castillo" son en realidad las ruinas de una vieja mina de oro, reliquia de lo que fuera la primera industria de Aruba. En **BALASHI** están las ruinas de otra mina de oro.

La **LAGUNA ESPAÑOLA** recibió ese nombre por que allí reparaban sus buques los bucaneros españoles. El sitio es conocido hoy por su hermoso y apacible panorama.

En el **FRENCHMAN'S PASS** o sea **PASO DEL FRANCES** fué donde, según la leyenda, los indios pelearon contra los franceses para defender la isla de los invasores extranjeros. Actualmente es predio de bullangueros periquitos arubanos.

What's the most popular sport in Aruba?

Shopping at Spritzer & Fuhrmann.

We admit that visitors to our island paradise seem to enjoy swimming, sailing and sun-bathing. But a visit to Spritzer and Fuhrmann still tops everybody's list of "things to do."

What's the secret of such popularity?

Values. Superb values in Continental jewelry. Fine watches. Unusual objets d'art. In exquisite china, crystal and sterling. Combined with the taste, service and dependability that is Spritzer and Fuhrmann's alone.

TIPS ON U.S. CUSTOMS REGULATIONS

According to U.S. Customs regulations each returning resident is allowed to take back, free of duty and tax, articles not exceeding an amount of \$100, which amount is based on the fair retail value of the items in the country obtained. Use of this exemption is only allowed in case the resident's stay abroad exceeds 48 hours and if the resident has not yet used part of it within the preceding 30 days.

1. You may take back with you, any articles you wish to, provided you pay tax on the amount in excess of the \$100. Tax is levied on the wholesale price of the item paid in the country where it is obtained which price is generally reached by subtracting 40% of the retail value of the article.
2. It is advisable to use the \$100 exemption for the high duty items and to pay duty on the low duty items.
3. Clothing, cameras, binoculars, watches, etc., purchased and used during the trip, should be declared as "used items". The Custom Officer in charge will make appropriate reduction for wear and/or use on the value of such items and subsequently on the duty.
4. Gifts to friends and relatives in the U.S. up to \$10 each are allowed in an UNLIMITED NUMBER provided the addressee does not receive other gift parcels exceeding the \$10 limitation on the same day. This is in addition to the \$100 exemption. Not included in this privilege are gifts of liquor and tobacco whereas perfume at less than one dollar is allowed. On these gifts NO declaration is required and NO tax will be levied.
5. Persons over 21 are permitted DUTY-FREE liquor not exceeding ONE QUART!
6. Merchandise originating in COMMUNIST CHINA, NORTH KOREA, NORTH VIETNAM and CUBA IS PROHIBITED in the U.S.
7. To pass U.S. customs smoothly, fill out your declaration carefully and keep all dutiable items and sale slips together and in a handy place!!

Remember that you are allowed to take back as much merchandise as you want. All you have to do is to pay duty on what you declare over your \$ 100.— duty free allowance, and even after duty has been paid upon arrival in the U.S.A., purchases made in Aruba, at free-port prices are still GOOD BUYS.
